BookFest Returns: New Authors Sharing inspiration with children

Five more amazing Canadian children's authors will be coming to Killaloe in the spring. This is a chance for children and parents to share inspirations and learn from these award-winning authors. Authors appear from April 26 to June 1. (See schedule on next page.)

Ted Staunton

Ted teaches the *Writing Children's Fiction* course at George Brown College in Toronto. His stories address issues faced by children in the classroom, the school yard, the playground or at home.

Melanie Florence

Winner of the 2016 TD Canadian Children's Literature Award, Melanie provides simple, age-appropriate introductions to sensitive topic such as missing Aboriginal women, residential schools and youth suicide.

Fictional stories such as *One Night*, *The Missing* and *Zero Future* portray young people responding to the problems they face.

Kyle Sylvester

This award-winning author and illustrator with a slightly twisted perspective has developed the Super Duper Monster Viewer, written the *Sports Hall of Weird* and retold the classic *Cinderella* in a completely new context.

Bill Slavin

Winner of so many Canadian and American awards for the more than 50 books he has illustrated, Bill enriches stories beyond words by his character sketches and humour details in his drawings. We have seen some drawings by Bill Slavin on programs and posters of the Stone Fence Theatre.

Helanie Becker

Helanie is an educator and performer as well as author. Little children go crazy for her *Little Jack Horner Live From The Corner* and *Ode to Underwear*, both illustrated by Mike Boldt. Sports team and spy stories spell out special skills which lead young people along the path to self-improvement.

Look up these authors in the Killaloe and District Public Library.

Volunteering During An Emergency

How you can get involved

Volunteers are a valuable part of every healthy community and have the potential to contribute strength and resources in times of emergencies or disasters.

Becoming an Emergency Plan Volunteer has to occur before an emergency. During an incident your heart is in the right place and you want to help but you must be a registered Emergency Plan Volunteer to get involved.

If you would like to be called to help during an emergency

please contact the township office now, before an emergency arises, so you are ready to help if an event arises.

The priority of volunteer

activity during an emergency is assisting others. This spontaneous activity must be well managed to have a positive affect, and contribute to the healing process of individuals and the community.

Signing up as an Emergency Plan Volunteer ahead of time means organizers can track and manage volunteers effectively and volunteer services can be directed where they can best be utilized.

Always A Good Idea To Prepare

May 1-7 is Emergency Preparedness Week

When it comes to being prepared for an emergency, we all have a role to play.

You should be prepared to take care of yourself and your family for a minimum of 72 hours during an emergency. Know the basic principles of first aid and have basic supplies available

(food, batteries, flashlight.)

By definition, emergencies happen when we don't expect them, and often when families are not together. Suddenly, you need to think about your kids at school or elderly parents across town. If phones don't work, or some streets aren't accessible,

what will you do?

Having a family emergency plan will save time and make real situations less stressful.

Find out more by visiting: www.getprepared.gc.ca. The Township's emergency plan is available at: www.killaloe-hagarty-richards.ca
