Subject: Forest Management - another perspective and approach to consider, please

Dear Mayor, Councillors and CAO Tammy,
I was talking with Marshall Buchanan, the president of our local Renfrew County National Farmers Union, about our movement towards stopping the glyphosate spraying of our public forests.

Marshall is an Organic Farmer & Professional Forester, Studied M.Sc Forest Ecology at **University of Toronto** and lives on Scotch Bush Road, east of Eganville.

He shared some wise values, visions and considerations for us, and is allowing me to share them with you here:

"I also have concerns about the overall strategy of forest management. Here are some:

"1) When forests are managed, we have to ask ourselves; **what are the most important values we as a society can derive?**

A new value, not considered when I was a forestry student, is **carbon sequestration**.

Two more that were not top of mind 40 years ago are **resiliency and health**.

"We need resiliency to survive forest fire risks and more emphasis on health, because of the incredible challenges we now face from invasive species and new tree diseases for which there are no cures.

"2) The problem with using the chemical tending approach is that it could reduce the **diversity of tree species** present in the plantations. It is quite possible that forest with fewer deciduous trees will have lower rates of carbon sequestration, less resistant to forest fire, less resistant to invasive species and disease, as well as lacking certain wildlife needs and lacking the benefits of mutualism that you described.

"For the most part, the herbicides are used to get the conifer saplings to the "free to grow stage".

It is possible that poplars, maple and oak can still become established among the conifers after the herbicide application has stopped. But I am not sure as to how easily they can get established. It depends on the density of the conifers that were planted and what seed sources are nearby and how much sprouting will occur from deciduous trees that survive the spraying.

"Given the need to address the 3 key "new" values that we need from public forests, **I am not sure that the practice of establishing high density conifer plantations, a common format, is the right strategy to build the forests of 2080 and beyond.**

"I am quite concerned that the discussion about forest management is too fixated on the use of glyphosate, rather than on **the critical ideas about what kind of forests we are building**

Yours truly
Marshall"

Thanks for reading and considering this, I look forwards to seeing you at the Council meeting tonight.

Good day Mayor Mayville,

I hope you are doing well today.

Given the ongoing postal strike, I thought it best to reach out by email to express our sincere thanks

On behalf of myself and the entire team at the Renfrew County Sexual Assault Centre, I want to extend our heartfelt appreciation for your support in allowing us to host our 32nd annual Take Back the Night march in Killaloe this year.

This event could not have happened without the backing of you and the town council. Your support made it possible for us to gather, raise our voices, and stand together in solidarity with survivors. We had a wonderful turnout, and the energy from those who attended was truly magical—an unforgettable evening of hope, strength, and community.

Thank you again for helping make this important event a reality.

Warm regards,

Lori

Subject: Letter of complaint to public.

Letter of complaint to be read out loud to the public of KHR township.

Honorable Mayor, councillors, C.A.O. of KHR township.

I am a resident and homeowner of Killaloe and I would like this letter of complaint to be addressed in public.

I am getting more and more frustrated at the lack of competence, maturity and professionalism that is to be expected from our councillors who appear to engage in some form of strike by refusing to cooperate with the regular town operations as councillors. In fact, I find they are borderline against the Ontario Principles of Councillor responsibilities.

As you should all be aware, The Ontario Government has laid out the law to allow for Mayoral Powers and this law is very well explained simply by going to the Ontario Mayoral Powers from the Government website. Should anyone not like that idea for whatever reason can do so express their concerns the "Democratic way" which should exclude influential misinformation that is spread and going array in all directions. Councillors who claim the mayor is doing illegalities should address their lawyers before trying to create a deeper crisis especially when no charges are stated. You should not accuse anyone of disobeying the law without proof. You are now libel and slanderous.

Furthermore, I would certainly expect any of my councillors no matter what district they represent to refute any such misinformation and especially condemn anyone's attempt to follow and harass or terrorize anyone in council, most especially, the mayor. This is a value that must be above all, a top consideration for anyone of you public servants sitting here.

I have been very well explained by this mayor and one councillor many of my questions. They both gave me their answers. I might not always agree but this is what I'm dealt. I now steer away more than ever from councillors who ask me to come see them because I my intuition tells me they are going to try to brainwash me into thinking otherwise, especially now that I notice, Cross-arms, gum chewing, reusing to cooperate, trying to make a point only to pin the mayor down or smirking when one thinks they are affecting the mayor's performance. You are now in conflict with my own interest.

All of this to express my dissatisfaction at the money I pay to fund this immature drama show. Please get with the people whom you represent, in good or in bad and refer the democracy elsewhere but in our homes. This is against the democracy I know. You are to represent us after all and not to try to make yourselves look good.

As for the councillor who expressed his will to not run in the election, I would ask him to man-up and submit his resignation immediately if only to save us a few dollars for the sake and interest of those who pay the bills.

Your attitudes are very well noted. We voted for all of you sitting here.

Alex Blais,
11 King St. Killaloe, Ont.
(613) 415-3322

p.s.: I insist on having this letter aired out in public. Please advise me if you require anything else to make sure it happens. Thank you.

The Honourable Gary Anandasangaree, Minister of Safety
The Honourable Ruby Sahota, Secretary of State
The Honourable Doug Ford, Premier of Ontario
The Honourable Doug Downey, Attorney General
The Honourable Michael Kerzner, Solicitor General

Please be advised that at its meeting held on Wednesday, September 17, 2025, the Council of The Regional Municipality of Halton unanimously adopted the following resolution:

RESOLUTION: Public Safety Requirements to Protect Our Communities

WHEREAS community safety is the foremost responsibility of all levels of government, including federal, provincial/territorial, and municipal authorities;
AND WHEREAS recent violent home invasions in Halton Region and across Canada highlight the ongoing need to evaluate and strengthen bail laws and the administration of justice to better protect communities;

AND WHEREAS repeat violent offenders continue to be granted bail in some instances, placing victims, families, and first responders at risk, and public confidence in the justice system is undermined when such offenders are quickly returned to the community;

AND WHEREAS the federal government passed Bill C-48, which came into force in January 2024, introducing key reforms to the Criminal Code, including:

- A new reverse onus provision targeting repeat violent offending involving weapons,
- An expanded list of firearms offences triggering reverse onus,

- Requirements for courts to consider an accused's violent history and state on the record their consideration of community safety;

AND WHEREAS the federal government has committed to tabling additional legislation during the Fall 2025 session of Parliament to further strengthen community safety, including reforms related to bail and sentencing;

AND WHEREAS the provinces and territories are responsible for the administration of justice, including:

- Appointing justices of the peace and judges,
- Managing court operations and bail monitoring,
- Hiring and managing Crown Attorneys,
- Funding and overseeing provincial police services and detention centres;

AND WHEREAS on November 13, 2024, the Police Association of Ontario (PAO), the Ontario Provincial Police Association (OPPA), and the Toronto Police Association (TPA), representing 35,000 police members in Ontario, called for urgent action to ensure violent and repeat offenders are not released pending trial, and similar calls have been echoed by the Canadian Association of Chiefs of Police and Canada's Premiers;

AND WHEREAS strengthening bail provisions and the broader justice system requires ongoing collaboration across all levels of government, and doing so would reduce pressures on local police services, the courts, and municipalities;

NOW THEREFORE IT BE RESOLVED:

THAT Halton Regional Council:

1. Recognizes the steps already taken by the federal government through Bill C-48 and acknowledges the commitment to introduce further legislation in Fall 2025;
2. Calls on the Government of Canada to prioritize and expedite the introduction of its promised bail and sentencing reforms in the upcoming session of Parliament;
3. Calls on the Province of Ontario to invest in and strengthen the administration of justice, including:
 - Enhancing bail enforcement and monitoring,

- Increasing resources for Crown prosecutors and court operations, including the previously announced courthouse for Halton
- Expanding judicial capacity and detention infrastructure;
- 4. Encourages a national, coordinated approach involving all levels of government to ensure community safety is not compromised by gaps in bail or sentencing systems.

AND BE IT FURTHER RESOLVED:

- THAT Halton Regional Council calls for the following policy considerations in future reforms:
 - Expanding reverse onus provisions for repeat violent offenders,
 - Establishing stronger mandatory bail conditions, including firearm prohibitions, curfews, electronic monitoring, and no-contact orders,
 - Limiting multiple bail releases for individuals with histories of serious violent offences,
 - Improving inter-agency information sharing among police, Crown prosecutors, and corrections,
 - Prioritizing victim and community impact in bail decisions;
- THAT Halton Regional Council calls on the federal and provincial governments to review Criminal Code time limits and rules for stay of proceedings in cases involving serious and violent offences;
- THAT this motion be forwarded to:
 - The Prime Minister of Canada, the Minister of Justice and Attorney General of Canada, the Minister of Public Safety, the Secretary of State (Combatting Crime),
 - The Premier of Ontario, Attorney General of Ontario, the Solicitor General of Ontario,
 - All federal and provincial parties in the House of Commons and Ontario Legislature;
 - Halton's Members of Parliament and Members of Provincial Parliament,
 - The Canadian Association of Chiefs of Police, the Ontario Association of Chiefs of Police, the Police Association of Ontario, and the Ontario Provincial Police Association;
 - Ontario Association of Police Service Boards (OAPSB) and Canadian Association of Police Governance (CAPG);

- Halton's Local Municipalities;
- THAT this motion be shared with the Association of Municipalities of Ontario (AMO), the Federation of Canadian Municipalities (FCM), and all municipalities across Ontario and Canada, encouraging them to pass similar motions in a spirit of collaborative, cross-jurisdictional reform.
